50H PHILOSOPHY IN BALI

YogaUnion Bali

# YOGAUNION BALI 50H

Dear Yogi,

Are you ready to take the next step on your journey?

This immersive **50-hour Philosophy Training** invites you to explore the heart of yoga , beyond the poses and into the wisdom that underpins them.

You'll journey into how ancient yogic teachings still inform our modern lives, and you'll receive tools to not only understand your practice, but to live it with **intention, clarity, and purpose.**

Whether you're a teacher or an experienced **practitioner**, you'll open doors to new **perspectives**, deepen your inner inquiry, and emerge with a strong foundation to guide **yourself and others authentically.**

# YOGAUNION BALI OUR MISSION

At **YogaUnion Bali**, our mission is rooted in creating a space where **authentic connection, deep learning, and genuine growth** converge.

We believe that yoga is more than movement; it's a pathway into **self-realization, lifelong learning, and community**.

In this Philosophy Training, we carry that mission forward by bridging classical Indian wisdom with contemporary life.

We support each participant in becoming not just knowledgeable but **embodied**, ready to share and live yoga with **integrity, compassion, and purpose**.

YOGAUNION BALI

# OUR COURSE

This **Philosophy Training** is a **deep dive into yogic thought**, designed to support your **inner growth** while giving you **practical tools** to share and integrate.

Over **50 hours**, you'll explore **major yogic schools**, **Ayurvedic principles**, and **sacred teachings** from texts like the **Bhagavad Gita**.

You'll engage in **conversation, reflection, and embodied practice**, surrounded by the **serene setting of Bali**, where philosophy meets lived experience.

By the end, you'll gain a **strong personal foundation** and the ability to **weave philosophical insights** into your **life, teaching, and daily presence** with depth and authenticity.

YOGAUNION BALI

# OUR FOCUS

Our focus lies in translating timeless yogic philosophy into lived experience. You'll examine concepts like the **Six Classic Schools (Shad Darshan)**, **Sankhya vs. Yoga**, and **Purusha & Prakriti**.

You'll connect these ideas to your body, breath, and mind through embodied practices and reflection.

Additionally, we explore systems such as the **Panch Koshas**, **Panch Vaayus**, **Chakras**, and cleansing techniques known as **Shatkarmas**.

You'll ground these teachings in the framework of daily life, through Ayurvedic rhythm, ethical living, and inquiry into purpose and direction.

YOGAUNION BALI

# OUR TEACHER

## AAKANKSHA

**Aakanksha** grew restless in conventional life and found deep meaning through **yoga philosophy**.

After becoming a **500 RYT**, she has taught **Hatha, Restorative, Vinyasa** and **Yin** styles, specialising in **Pranayama** and embodying philosophical teachings at their roots.

Passionate about **meditation, embodied practice** and the rich tapestry of **yogic philosophy**, she now serves as the **Head Philosophy Teacher** at Yoga Union Bali.

Her work invites students into real conversations, deep inquiry, and **transformative learning** with clarity and heart.

A wide-angle, aerial photograph of a tea plantation. The land is covered in dense, green tea bushes arranged in long, horizontal rows that follow the contours of the hillside. A single, narrow, winding dirt path cuts through the plantation, starting from the bottom left and curving upwards towards the center. In the background, more tea plantations and a few small buildings are visible under a clear, blue sky.

# DAILY SCHEDULE

YOGAUNION BALI

# OUR DAILY SCHEDULE

Each morning starts at **06:30** with grounding **Pranayama and Hatha Yoga**, designed to **awaken your body and mind**.

After a nourishing **09:00 breakfast**, you move into **10:45–13:15** sessions of **Philosophy study** and **Sharing Circles**, unpacking core texts, worldviews and yogic frameworks through discussion and reflection.

Following lunch, you'll **engage** in further **theory** or **embodied sessions** until early evening, concluding with **meditation**, **journaling** or optional **practices**.

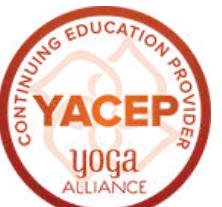

One full day off per week allows for **reflection**, **rest** or local exploration.

YOGAUNION BALI

**Ready to show up fully.**

# CURRICULUM

# PHILOSOPHY CURRICULUM IN DEPTH

- **Sankhya Philosophy:** Explore the **dual nature of reality** through **Purusha and Prakriti**, and understand how the **three Gunas** shape consciousness and behavior.
- **Evolution of Yog:** Trace yoga's journey from the **Vedic era to modern practice**, revealing how time and consciousness guide its timeless purpose.
- **Four Paths of Yoga:** Discover the balance of **action, wisdom, devotion, and meditation** through the four classical yogic paths to liberation.
- **Yoga Sutras of Patanjali:** Learn the **Eight Limbs of Yoga** and the **path of self-mastery**, understanding the mind and its transformation.
- **Yogic Cleansing – Shatkarma:** Practice ancient **cleansing techniques** like **Neti, Nauli, and Kapalabhati** to purify body and mind.
- **Ayurvedic Principles:** Study the **Tridoshas** and rhythms of nature to create harmony between **body, mind, and lifestyle**.
- **Chakras & Energy Centers:** Explore the **seven chakras**, awakening energy flow and emotional balance through awareness and breath.
- **The Bhagavad Gita:** Reflect on **Karma, Dharma, and self-awareness**, finding clarity and peace through purposeful action.

# SANKHYA PHILOSOPHY

Step into the origins of **Indian philosophy** through the lens of **Sankhya**, the foundation of yogic thought. This system explains the **dual nature of reality**, the eternal **Purusha (consciousness)** and **Prakriti (matter)**, and their dynamic interplay that creates existence.

You'll explore how these forces influence life, perception, and spiritual evolution. Through the study of the **three Gunas**, **Sattva (clarity)**, **Rajas (activity)**, and **Tamas (inertia)**, you'll understand how our mental and emotional states shape behavior.

Sankhya provides the **intellectual and metaphysical grounding** for yoga, helping you recognize the difference between the **unchanging Self** and the ever-shifting world around you.

# EVOLUTION OF YOG

Trace the **evolution of yoga** from its Vedic roots to the practices we know today. You'll study how yoga developed through the **Vedic period, classical era, and modern adaptations**, learning how each era contributed to shaping yoga's purpose and techniques.

The concept of **Yug (cosmic time cycles)** , **Satya Yuga, Treta, Dwapar**, and **Kali Yuga** , offers deep insight into how consciousness and values shift across ages.

This understanding enriches your practice with historical and spiritual context, revealing yoga as a **living tradition** that adapts while preserving its core essence of self-realization.

The study of yoga's evolution bridges **ancient wisdom and modern relevance**, showing that yoga is timeless because it continues to evolve with humanity.

# FOUR PATHS OF YOGA

Discover the **four classical paths** that guide spiritual evolution and liberation.

- Through **Karma Yoga (path of selfless action)**, you learn the art of offering effort without attachment to results.
- **Jnana Yoga (path of wisdom)** invites reflection and inquiry to dissolve illusion and reveal truth.
- **Bhakti Yoga (path of devotion)** cultivates surrender, love, and divine connection,
- while **Raja Yoga (path of meditation)** focuses on mastering the mind through disciplined practice.

Together, these paths provide a complete spiritual map , allowing each person to choose the way that resonates with their nature.

By exploring them, you'll see how **action, knowledge, devotion, and stillness** unite to create an integrated path toward **inner freedom** and conscious living.

# YOG DARSHAN & PATANJALI'S YOGA SUTRAS

Study the **Yoga Sutras of Patanjali**, one of the most profound philosophical texts ever written. This system of **Yog Darshan** outlines the mechanics of the mind and the journey toward liberation.

You'll examine the **five states of Chitta (mind)**, the **Antarayas (obstacles)**, and the **Panch Kleshas (five causes of suffering)**, including ignorance, ego, and attachment.

The teachings of **Ashtanga Yoga (Eight Limbs)**, **Yama, Niyama, Asana, Pranayama, Pratyahara, Dharana, Dhyana, and Samadhi**, provide a complete roadmap for inner transformation.

You'll also explore the **Panch Kosha (five layers of being)** and **Panch Vayu (five vital energies)**, integrating philosophy with embodiment.

This exploration deepens both your understanding and your experience of **yoga as a state of being**, not just a practice.

# YOGIC CLEANSING SHATKARMA

Cleanse the body and mind through the powerful practices of **Shatkarma**, the six purification techniques of Hatha Yoga.

These include **Neti** (nasal cleansing), **Dhauti** (digestive cleansing), **Nauli** (abdominal churning), **Basti** (colon cleansing), **Kapalabhati** (frontal brain cleansing), and **Trataka** (focused gazing).

You'll learn their **benefits, precautions, and correct techniques**, understanding how purification supports clarity, vitality, and concentration.

Shatkarma is not only physical but also energetic, removing blockages that hinder the flow of **Prana** (life force).

These ancient methods serve as preparation for deeper practices of meditation and breath control, bringing balance to the body and stability to the mind. Through these cleansing rituals, students experience a renewed sense of **lightness, focus, and inner harmony**.

# AYURVEDIC PRINCIPLES

Discover the ancient **science of Ayurveda**, yoga's sister discipline and guide to holistic living. You'll learn the concept of **Tridosha** , **Vata, Pitta, and Kapha** , which represent unique mind-body constitutions and their imbalances.

This study includes the **Ayurvedic clock**, showing how daily and seasonal rhythms influence digestion, mood, and energy, as well as the **TriStambh (three pillars of health)** , **diet, sleep, and sensory moderation**.

You'll explore **Dincharya and Ratricharya**, ideal daily and nightly routines for maintaining balance and vitality.

Ayurveda teaches that health is harmony , the alignment between body, mind, and nature. By applying these principles, you'll cultivate **awareness, balance, and self-care**, integrating yoga philosophy into practical, daily living.

# CHAKRAS & ENERGY CENTERS

Uncover the dynamic world of **energy flow and consciousness** through the **chakra system**.

You'll study the **seven main chakras**, from the **Muladhara (root)** to the **Sahasrara (crown)**, exploring their physical, emotional, and spiritual significance.

Each chakra represents a layer of awareness and growth, guiding you toward **balance, vitality, and expansion**. You'll learn how energy moves through the **Nadis (subtle channels)** and how breath, sound, and movement can harmonize the flow.

This study deepens your understanding of the **energetic anatomy** of yoga, bridging the physical and metaphysical. By aligning the chakras, you'll cultivate a stronger sense of **wholeness**, allowing energy to circulate freely and supporting both **healing and higher consciousness**.

# THE BHAGAVAD GITA

## INNER WISDOM

Explore the timeless wisdom of the **Bhagavad Gita**, one of the most revered spiritual texts in Indian philosophy.

The Gita teaches how to live with **purpose (Dharma)**, act with **integrity (Karma)**, and cultivate inner **equanimity** amidst life's challenges. You'll reflect on profound questions of duty, free will, and spiritual devotion as you uncover how ancient teachings remain deeply relevant in modern times.

The Gita guides you to find peace in action, courage in uncertainty, and clarity in selfless service. More than philosophy, it is a **manual for conscious living**, inspiring you to move through life with **wisdom, compassion, and centered awareness**. It is the heart of yogic ethics and the mirror for your soul's evolution.
